1. Appendix H-1: Non-Statutory Consultee Ongoing Engagement

Stakeholder	Summary of matters discussed	Date
Heneb	AECOM sent an email to CPAT requesting feedback regarding the study areas to be used in the DBA, PEIR and ES and information on any assets that will be scoped in and out of the PEIR/ES.	22/02/2024
CADW	AECOM sent an email to CADW requesting feedback regarding the study areas to be used in the DBA, PEIR and ES and information on any assets that will be scoped in and out of the PEIR/ES.	23/02/2024
Wirral Borough Council and Cheshire West and Chester Council	Engagement to discuss the proposed viewpoint locations.	Between 28/02/2024 and 18/06/2024
FCC	An email was sent by AECOM to the Conservation Officer for FCC requesting feedback on the study areas to be used in the DBA, PEIR and ES and information on any assets that will be scoped in and out of the PEIR/ES.	04/03/2024
Heneb	A Teams meeting was undertaken between the Planning Archaeologist at CPAT and AECOM to discuss proposals for baseline surveys within the site.	07/03/2024
FCC	A meeting was held with FCC and the SuDS Approval Body to discuss the surface water drainage strategy.	14/04/2025
FCC	Email providing the details of the final Short List to be considered in the cumulative effects assessment.	22/04/2025
FCC	A meeting to discuss the approach to Net Benefit for Biodiversity	01/05/2024
Natural Resources Wales	An overview of the Proposed Development and proposed marine ecology and physical process surveys were shared	01/05/2024
RCAHMW	An email was sent by AECOM to the RCAHMW requesting feedback on the study areas to be used in the DBA, PEIR and ES and information on any assets that will be scoped in and out of the PEIR/ES.	04/05/2024
The Canal and River Trust	Engagement to discuss the proposed viewpoint locations.	08/05/2024
Cheshire Archaeology Planning Advisory Service	AECOM sent an email to CADW requesting feedback regarding the study areas to be used in the DBA, PEIR and ES and information on any assets that will be scoped in and out of the PEIR/ES.	23/05/2024

Historic England, North-West Regional Office	AECOM sent an email to CADW requesting feedback regarding the study areas to be used in the DBA, PEIR and ES and information on any assets that will be scoped in and out of the PEIR/ES.	23/05/2024
Natural Resources Wales	Engagement to discuss the proposed viewpoint locations.	23/05/2024
Deeside Naturalists' Society	The first working group meeting with the Deeside Naturalists' Society (DNS). The meeting provided a valuable forum for DNS members to share their thoughts and concerns about the project.	29/05/24
Heneb	A meeting to discuss the results of the GI works undertaken for the Proposed Development and the deposits identified.	29/05/2025
Heneb	A meeting to discuss the Marine Heritage Assessment following the renationalisation of works within the Water Connection Corridor.	12/06/2025
Denbighshire County Council	Engagement to discuss the proposed viewpoint locations.	14/06/2024
FCC	Engagement to discuss the proposed viewpoint locations.	14/06/2024
FC	Meeting to provide an update on the construction routing strategy for abnormal invisible loads (AILs), the AIL movement strategy and the Streets, Rights of Way and Access Plans.	14/07/2025
Natural Resources Wales	A meeting to discuss the ecology survey scope and present an update on Net Benefit for Biodiversity.	18/07/2024
Heneb	An email was sent by AECOM to the Planning Archaeologist at CPAT providing the interim results of the geophysical survey.	18/09/2024
Heneb	An email was sent by AECOM to the Planning Archaeologist at CPAT confirming that the geophysical survey was programmed to be undertaken and AECOM provided the archaeological contractors WSI for agreement.	07/10/2024
Heneb	A Teams meeting was held on 29 October 2024 to review the results of the geophysical survey.	29/10/2024
Natural Resources Wales	Meeting to discuss approach to wave overtopping in response to NRW comments provided on the Modelling Method Statement.	01/11/2024
Natural Resources Wales	Meeting to discuss a proposed preliminary ground investigation (GI) scope of works and the consenting aspects around this. Meeting also presented the proposed geology and ground conditions methodology for the EIA.	04/11/2024
Natural Resources Wales	A meeting to discuss the proposed design for the Water Connection Corridor and the implications and requirements for this.	12/12/2024
RSPB	Meeting to provide an update on terrestrial ecological survey results and discuss mitigation options in relation to predicted impacts on features of ornithological interest.	10/01/2025

FCC	Meeting to provide an update on the transport assessment, including light vehicle routeing assumptions for construction/operational traffic.	13/01/2025
FCC	Meeting to provide and update on the ground conditions and land quality assessment.	13/01/2025
FCC	A meeting was held with FCC to discuss the operational sound impact assessment criteria for human NSRs, including a target rating level over the background LA90 sound level of no greater than +8 dB.	14/01/2025
FCC	An email was sent by AECOM to the Conservation Officer for FCC requesting feedback on the assessment undertaken to date, as set out within the DBA and PEIR.	29/01/2025
Natural Resources Wales	A meeting to discuss the requirement for a Band 3 Marine Licence.	29/01/2025
RCAHMW	An email was sent by AECOM to the RCAHMW providing an update on the Terrestrial Heritage Assessment undertaken to date and a summary of potential impacts to below ground archaeological remains.	29/01/2025
FCC	A meeting to discuss the long and short list to be considered in the cumulative effects assessment.	31/01/2025
Natural Resources Wales	A meeting to discuss the completed hydraulic modelling and outputs.	26/02/2025
Natural Resources Wales	Meeting to provide an update on terrestrial ecological survey results and discuss mitigation options in relation to predicted impacts on features of ornithological interest.	05/03/2025
RSPB	A meeting was held in April 2025 to present the WeBS data for the two options for potential offsite mitigation of the Functionally Linked Land (FLL) within the Order limits.	14/04/2025
Natural Resources Wales	A meeting was held in May 2025 to present the ornithology results in detail and further discuss the options for mitigation for the FLL.	08/05/2025
Natural Resources Wales	A meeting was held in June 2025 to present the findings of the Air Quality assessment to NRW. An update was also provided on impacts to saltmarsh as a result of the works at the surface water outfall area.	02/06/2025
Natural Resources Wales	A meeting was held to discuss the preferred option for the Curlew Mitigation Strategy following recent discussion in June 2025 and post meeting feedback.	07/07/2025
Natural Resources Wales	A meeting was held to discuss the updated hydraulic modelling report and its outcomes following NRW's feedback on the original reporting and model.	29/07/2025
